### 2023 Jan - current

Ayeyarwady Farmer Development Bank | A Bank

#### Software Engineer ( Assistant Supervisor )

A Bank is one of the most prestigious financial institutions in Myanmar. As a software engineer, I'm leading various portals dealing with **A Plus 2.0 digital wallet** which is itching for a release soon enough. The pace with which this project is moving is miraculous rate and learning a lot of **management skillset** by putting compassionate efforts dedicated for the success of this project. **React, Redux**, and **Ant Design** are being used in this proj.
